only are assessed the E. The policy fee of \$10, or the greater portion of it, is saade a sinking fund to provide for the delinquencies of members; and said fund is loaned on interest, the interest accruing therefrom, after defraying the expenses, coming back to the policy-holders as dividends. The advantages over ordinary Life Insurance Companies are: No penic can break it; the tess are so small, and required to be paid at such long intervals, that any and every man can secure to the family a competency upon its death. This Company is not restricted to members of the Musonic fraternity.
